

Anthony Cossins

Front-end Engineer

Software engineer specialising in creating polished, user-friendly and accessible web applications.

anthonycossins@gmail.com

Employment

April 2021 - Present

Senior Software Engineer
BBC iPlayer

- ✓ Led development and technical direction on redesigning the content items on the iPlayer homepage.
- ✓ Mentored graduate and junior software engineers.
- ✓ Facilitated a cross-discipline group of designers and developers focused on new technologies to bring animation and motion to iPlayer.

June 2018 - April 2021

Software Engineer
BBC iPlayer

- ✓ Maintained Jenkins CI/CD pipelines and AWS infrastructure.
- ✓ Initiated knowledge sharing sessions for the team about CSS.
- ✓ Collaborated with team members to create high quality code following TDD and pair programming best practices.
- ✓ Shipped performant and accessible web applications used by millions of people per week using React, Redux and CSS.

June 2013 - October 2017

Front-end Developer
Signal-Noise

- ✓ Worked closely with designers and clients to create single page web applications using React, Redux, Laravel and Node.js.
- ✓ Developed, maintained and shipped real-time data visualisations for global conferences and exhibitions.
- ✓ Animated interactive visualisations using Canvas and SVG.
